

STEM Club

This club runs on **Tuesday's starting 8th January** is available for students, **running for 12 weeks**

A **STEM Club** is a gathering of students that meets regularly in an informal environment to work on inquiry-based Science, Technology, Engineering and Math (**STEM**) related activities.

Each week is different, as the club reflects the interests of the children, we explore different fun experiments every week.

STEM club projects can include:

- Robotics
- Learning to code
- Crystal growing
- Film SFX (special effects)
- 3D printing and making 3D designs
- Formula 1 aerodynamics
- ... and so much more.

Club Cost: £78

STEM club will run at 3:15 - 4:15 every Tuesday for 12 weeks
