

FUNDRAISING UPDATE

STARS support Abbots Ripton C of E School by raising funds for projects, equipment and additional opportunities, that enhance the learning environment for all children. We also aim to help bring the school community together through events and initiatives. Our fundraising endeavours both supplement school budgets, and also assist the school in making large purchases.

We're very excited to announce, STARS are supporting the school in building a NEW MULTI-USE LOG CABIN. This wooden structure will reside outside of Picasso classroom, where there are currently sheds. STARS will be making a significant financial contribution to support this purchase, as well as facilitating its installation.

This means we need your support now more than ever! The STARS Summer Fair and Starry Starry Night will be important fundraising events for this fantastic cause, and fundraising will continue into the new school year with other exciting events. Please support us by giving if & when you can, or volunteering your time or expertise - you'll be supporting such an important cause.
