

Learning Intention: to identify the use of rocks and minerals in everyday life

As part of our science topic on rocks and minerals we would like you to try to identify rocks and minerals used around your house and garden. E.g. granite work top, limestone patio, marble fire surround.

Draw or take a photograph of your finds. Add labels to detail what you have found.

Learning Intention: to follow a recipe/simple set of instructions

This term we will be writing our own instructions. Please can you find a simple chocolate recipe to make at home. Follow the instructions and write these as simple steps in your home learning books.
