

Abbots Ripton CE School Reception Progressive Curriculum 2022-2023

At Abbots Ripton CE School, we want our Reception children to learn knowledge and skills to support their journey through our school and to equip them for life beyond.

We have planned an ambitious curriculum with a progressive sequence of knowledge and skills which continues to support their learning in KS1 and KS2. We aim for the children to be confident in this knowledge and in these skills in all areas of the curriculum, with these stored in their long term memory as they leave Reception class.

Our curriculum is language rich, develops the characteristics of learning, independence and self-regulation, and covers the seven areas of the Early Years curriculum. We use specific schemes of learning for English in the Summer Term; Jane Considine resources, Maths; White Rose Mastery Curriculum, RE; Emmanuel Project and Understanding Christianity, PE; Cambridgeshire Syllabus and the Cambridgeshire PSHE syllabus.

We also aim for the curriculum to be flexible and driven by the children's interests to ensure that they are engaged and excited by the learning within Van Gogh classroom and so they constantly achieve their best in all that they do.
